

# ENGINEERED ALL GLASS SYSTEMS

BY ALDORA

# FRAME THE ROOM WITH CUSTOM HEAVY GLASS DOORS

Aldora's custom engineered all glass systems offer the ultimate first impression. They welcome guests into a bright, clean and sophisticated space. The strength, security and cleanliness of tempered glass makes glass doors a popular choice for office interior doors, malls, airports and more. These engineered all glass systems are an entire package, including doors with rails and hardware.

Shape the space by customizing a P, BP or AGA style glass door up to 42" wide and 400 lbs. with Aldora's engineered all glass systems experts.
