

Frontset Plus

MONUMENTAL
STOREFRONT SYSTEM

Frontset Plus is a high-performance aluminum impact window wall system designed for expansive views and extreme conditions. This Monumental system offers some of the largest impact-rated storefront panels available on the market. With panel heights up to 168 inches, it enables expansive glass elevations that meet both aesthetic and structural goals. Engineered for hurricane zones, it meets strict impact and wind-load standards while supporting larger glass panels without compromising strength or efficiency—ideal for luxury and commercial projects.

Features

- 1.50" x 7.50" profile plus 3/4" front set at each side (Total - 3.25")
- Laminated (9/16")
- Maximum multiple panel size of 76" x 168"
- High design pressures
- +/- 53.0 psf non-reinforced
- +/- 65.0 psf reinforced
- 9.75 psi water resistance
- Achieves 2023 energy code requirements
- Screw spline assembly
- Flush stop available for 9/16" glass
- Anchor Clip at top & bottom of the monumental mullion
- Easy installation through the Frontset Horizontal Members
- Regular front spec Jambes at each end, anchored or unanchored
