MURANO HARDWARE

Superior shower glass hardware quality at extraordinary value helps simplify your glass shower door product sourcing. All Murano Shower Hardware products bring value and style to residential or commercial construction, renovation, home repair or other building projects.

UNSURPASSED QUALITY

Murano Shower Hardware products are backed by a 3-year warranty.

RIGOROUS TESTING

Hardware products undergo extensive harsh-condition testing including accelerated salt tests to ensure durability.

TIMELESS STYLE

Shower hardware products come in three, ever-popular colors—chrome, brushed nickel, matte black (select items) and oil-rubbed bronze (select items).

HINGES, BRACKETS, AND CLIPS

Experience one less worry with long-lasting brass glass shower door hinges, brackets and clips. These competitively priced shower hardware essentials are available in a variety of popular finishes meant to complement both classic and modern bathroom designs.

CUSTOM SHOWER MIRRORS

Mirror, mirror on the wall, Aldora Glass has them all. Create a mirror for the space, custom orders bring the homeowner's personal style into any room. Aldora's experts can reflect a room's beauty back to you.

FEATURES

- Edgework: Max polish/bevel – Longs only – no limit. Shorts if longs < 100"
- Flat Polish: 3/16", 1/4", 3/8", 1/2", 3/4"
- Pencil Polish: Diameters and ovals only – 3/16" to 3/4"
- Bevel Edge (w/flat polish): Bevel widths – 1/2" to 1 1/2"
- Tapeback mirror for wardrobe doors

GLASS EDGE TYPES

- **FLAT POLISH**
Want a simple look that makes the visible edges of your mirror shine? This application polishes the edges of your mirror to a shiny and smooth finish.
- **PENCIL POLISH**
This polishing technique creates a rounded look on the mirror's edge.
- **BEVEL EDGE**
When the mirror is the focal point of the room, a bevel edge can create the ideal custom look. Beveled glass edges provide a thin edge to underscore the mirror's interior.

MIRRORED CLOSET DOORS

E- SERIES MIRRORED BYPASS CLOSET DOOR

FEATURES

- Heavy anodized aluminum frames
- Mirrors laminated with a safety backing
- Doors that slide with finger-tip ease
- Bottom rollers encased and embedded inside the door making them almost invisible
- The units come in a variety of standard and custom sizes
- Acid Etched glass may be substituted for mirror
